Page display: A4 pages

Margins: Top: 2.54 cm, Bottom: 2.54 cm, Left: 1.91 cm, Right: 1.91 cm

Participants are kindly required to send two separate abstracts:

Short Abstract: naming it with the name of the corresponding author as follows:

MarySmith_S

In case of more abstracts sent by the same corresponding author, please enumerate them as follows:

MarySmith1_S

MarySmith2_S

Total Short abstract length: 1 page maximum

Short abstract body length: 250 words maximum (references excluded).

Short abstract body style: Times new Roman, pt 12, justified, interline 1.5, no spaces before lines, no spaces after lines.

Long Abstract: naming it with the name of the corresponding author as follows:

MarySmith_L

In case of more abstracts sent by the same corresponding author, please enumerate them as follows:

MarySmith1_L

MarySmith2_L

Long abstract body length: 800 words maximum (references excluded).

Long abstract body style: Times new Roman, pt 12, justified, interline 1.5, no spaces before lines, no spaces after lines.

References should be reported as a list (with no title), leaving a blank line from the last written line of the abstract body.

For References, please use the following reference styles.

For journals:

- G. Williams, B. Seger, P. V. Kamat, *ACS Nano* 2008, 2, 1487–1491.

For books:

- H. G. Craighead, Nanostructures in Electronics. In *Nanomaterials: Synthesis, Properties and Applications*; A. Edelstein, R. Cammatata, Eds.; Taylor and Francis: New York, 1998; pp 565–566.

References with more than 10 authors must list the first 10 authors, followed by “et al.” Titles of journals are abbreviated according to Chemical Abstracts Service Source Index (CASSI, cassi.cas.org). Papers accepted for publication are cited as “in press”; the DOI should be given if the paper is published online.

Abstracts should be sent to nanosea@im2np.fr

Please include the following information with your submission via e-mail:

- 1) Your preference regarding the mode of presentation (oral or poster)
- 2) Your full name and title
- 3) Your affiliation
- 4) Your country
- 5) Email of the presenting author
- 6) TOPIC of your abstract to be chosen among the following classes:
 - a) Synthesis and self-assembly
 - b) Nanostructured materials and classes
 - c) Properties
 - d) Modelling
 - e) Advanced Characterization
 - f) Applications
